Roads Fully Posted.

Montgomery, Ala., April 22.—In a hearing before the state board of assessment Friday afternoon, it was shown that the railroads had become fully posted on all the tax assessments of the state. The roads up were the Louisville and Nashville, the Central of Georgia and the Frisco. Evidence was produced to show that the railroads had gone to every one of the sixty-seven counties and secured the valuations from the books.

Canadian Miners on Strike.

Toronto, Ontario, April 22.—A special to the Mail and Empire from Calgary says that the five thousand miners at Frank Coleman, Lethbridge and Little are out. Two of Calgary's largest industries have closed and the municipal lighting and water works plants are on the verge of shutting down on account of a scarcity of fuel.

Took Life in County Jail.

Bartlesville, Ala., April 22.—News reaches here of the suicide of Caille Bessie, a prominent young white man, in the county jail at Molton, Okla. The young man's mind had been affected, and while confined temporarily he hanged himself. He was the son of a prominent merchant in the western part of the county.

DEEPLY AFFLICTED WITH ECZEMA

For More Than Two Years—Tries Physicians, Patent Remedies, Old Women and Quack Cures and Found No Relief.

USES CUTICURA AND IS SOON SOUND AND WELL

"I was very badly afflicted with eczema for more than two years. The parts affected were my limbs below the knees. I tried all the physicians in the town and some in the surrounding towns, and I also tried all the patent remedies that I heard of, besides all the cures advised by old women and quacks, and found no relief whatever until I commenced using the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. In the Cuticura Remedies I found immediate relief, and was soon sound and well. C. V. Beltz, Tippecanoe, Ind., Nov. 15, '05."

DANDRUFF KILLS HAIR

Cuticura Soap Kills Dandruff

"I was troubled with dandruff on my head ever since I was twelve years old. I had beautiful hair up to that time. The dandruff destroyed my hair. I tried everything I could hear of. I had no doctor, but I went into a drug store where I was well acquainted and asked the druggist if he knew of anything that would be good for me. He said: 'Of course I do. Just get a cake of Cuticura Soap.' I got it, and it did my hair good the first time I used it. My sister-in-law couldn't keep the dandruff off the top of her baby's head, and the hair wouldn't grow. I was there, had a cake of Cuticura Soap with me. I told her about it, and gave her the Cuticura Soap, and in about three months I went there again, the child's head was covered with hair and not a sign of dandruff. My sister said it was the Cuticura Soap. The child is not past three years old and has a lovely head of hair. Mrs. E. W. Shigley, Columbus, Kan., Oct. 25, 1905."

Dies in Electric Chair.

Columbus, O., April 20.—Dr. Oliver Crook Haugh, of Dayton, convicted of the murder of his father, mother and brother, at Dayton, O., on the night of November 4, 1905, was electrocuted in the annex at the Ohio penitentiary a few minutes after midnight Friday. A break in the machinery at the Columbus public service plant, threw the big prison into temporary darkness, but did not interfere with the electrocution. Dr. Haugh continued to manifest to the very last an apparent indifference to his fate. All visitors were excluded from the annex at the penitentiary and Haugh had seen only his spiritual advisors.

Hangs Herself to Bedpost.

Maysville, Ga., April 22.—Mrs. Sara A. Vaughn, a widow, living with her son, Will Vaughn, committed suicide here Friday by hanging herself to the joist at the head of her bed. The family were absent from the house when she tied a small piece of rope around her neck, and climbing upon the bedstead let herself down, and died in a few minutes. No cause for the deed seems to be known except that she had been in poor health for some time.

Frederick, Md., April 22.—Two business houses were destroyed and three others damaged by fire Saturday, entailing an estimated aggregate loss of \$60,000. F. Oberdorfer, antique furniture dealer, Harry Fuller, wholesale groceries and A. M. Launders, were the heaviest losers.

Final Advice.

"Now, James," says the old physician to his son who has returned from medical college and is about to set up for himself, "there is just one piece of advice I will give you, and if you follow it you cannot fail to be popular and successful."

"What is it, father?"

"Tell every woman that she needs a change of scene, and tell every man that he is working too hard."—New York Life.

was a miss of twelve years, she attended a private school in Washington. One afternoon, says the author of "The Olivia Letters," Nellie's lessons were not learned. The carriage came for her, but the teacher dismissed it with the request that it should return at the end of a half hour. The half hour came and glided away with the lesson still unlearned. The carriage came again and was dismissed. At the end of the second half hour the lesson was committed, and Miss Nellie was permitted to go. The next day at the usual hour the young lady arrived, accompanied by her mother. The teacher began to fear she had lost her most cherished pupil, but Mrs. Grant came to thank her for performing her duty.

"Teach her," said Mrs. Grant, "that she is only plain, simple Nellie Grant, subject to the same rules which govern all the scholars. This course will have my sincere approbation."

Reached the Limit.

A Providence girl, who has been married about six months, had wedding cards a short time ago from an old school friend who had given her a wedding present, which, of course, demanded one in return. Among her wedding presents the Providence girl had duplicates in the shape of two silver card trays, and in a spirit of economy she decided to give one of these to her friend. It was marked with her own initials, but it would be only a matter of a few minutes to have them removed and the proper monogram cut. She took it to the jeweler and explained what was to be done. He picked up the tray, looked at it closely and smiled.

"Madam," said he, "it will be impossible. I have already changed the initials on this same tray five times, and it has worn so thin that I cannot do it again without cutting through the bottom."—Providence Journal.

His Fears Realized.

For years the old country couple had looked forward to spending a holiday in London, and one day they found themselves in the very busiest part of the city. Together they stood watching the traffic, to which there seemed no end. They did not know how to cross the street.

"Whatever you do, Liza, don't get separated from me," said the old man to his wife, "and, whatever you do, don't cross the road without me."

Then a kindly constable came along and, seeing the old woman hesitating, took her by the arm and commenced to pilot her to the opposite side.

"Dang my buttons," cried out the old man in alarm, "I allus told 'er that some one wud take a fancy to 'er, but I didn't think any one 'ud 'ave the impudence to take 'er afore my very eyes!"—London Tit-Bits.

Had a Slow but Sure Gait.

There have been numerous disappointments in the outcome of some of the boys. We remember one boy in particular who was the butt of all ridicule from the boys of his age, and he took it good naturedly. He seemed to have no particular friends and herded by himself. His clothes always looked funny, and he had that awkward swagger over which the rest of us had much sport. No one ever thought that that plug would ever get anywhere or have anything. But today that plug is drawing a better salary than any two of the old gang. He has more money, more influence and more friends than any of the rest of us. The plug had a gait that was slow, but it was sure. He didn't appear to be a bit bright then, but he had a surface that took on a polish.—Westphalia (Mo.) Times.

Where Snow Falls.

If you are not a lover of snow, go to Malta, which is the nearest spot where you are certain of complete immunity. If you are fond of it, the suburbs of St. Petersburg will furnish all you need to ask, for there you may be sure of it for 170 days in the year. The happy medium is supplied by Copenhagen, with thirty days, while Palermo, Rome and Venice, with one, two and five days respectively, may be recommended to those who merely care for snow as a casual and fleeting guest.—London Chronicle.

SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that robs the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 3c. in stamp to The Herpicide Co., Detroit, Mich.

S.S.S. OLD SORES

An old sore or ulcer is only a symptom, an outlet for the impurities and poisons which are in the blood, and as long as this vital fluid remains in this impure, contaminated state the place will never heal. The application of salves, washes, powders, etc., may cause the spot to scab over, but a fresh outpouring of diseased matter from the blood starts it again, and thus it goes on, gradually growing worse and slowly affecting the entire health of the sufferer. There are many ways in which the blood becomes contaminated and poisoned. A long spell of sickness breeds disease germs in the system, the failure of the eliminative members to remove the refuse and waste matter of the body, the excessive use of mineral medicines in certain diseases, all infect the blood with morbid matter and germs which sooner or later is manifested by a sore that refuses to heal. Persons with inherited blood taint are very apt to be afflicted with sores and ulcers. The taint may lie dormant during young, vigorous life, but when middle age is reached or passed and the natural energies begin to grow weaker, the tissues in some weak point break down and a chronic sore is formed and kept open by the constant drainage of impure matter from the blood. If the cause is not removed the sore will continue to grow worse by eating deeper into the flesh, festering, discharging, and slowly undermining the constitution. S. S. S. heals old sores by going down to the very bottom of the trouble, driving out the impurities and building up the entire circulation. When S. S. S. has removed the cause the blood becomes rich and healthy, the sore begins to heal, new flesh is formed, and soon the place is cured. Do not depend on external applications, which do not reach the blood, but begin the use of S. S. S. and remove of the cause, and then the sore must heal. Stanton, Va., April 22.—The body of Miss Mabel Pendleton was found Saturday half a mile below the bridge over the Jackson river at Clifton Forge, from which she and her lover, Stuart Gay, jumped to their death on Thursday last after being turned back at Staunton, while enroute to Washington to be married. The body of Gay has not yet been recovered.

Professional Ethics.

The acquitted woman (young and pretty) kissed her lawyer. "Madam," said he, with an attempt at firmness, "my stipulation was that there should be no fee in this case. You must permit me to return it."—Philadelphia Ledger.

Three Sick Men.

It is a curious fact that three of the men who did most to revolutionize the world had always bad health. These were St. Paul, Julius Caesar and Marat, the real originator of the French revolution.
